RE: Ontario Student Application Program (OSAP) supporting letter.

Dear Ontario Student Application Program (OSAP),

I hope this letter finds you well. I am writing to express my sincere interest in applying for the Ontario Student Application Program to support my educational endeavours and to explain why my father's signature cannot be provided.

I arrived in Canada two (2) years ago as an asylum seeker. Throughout the journey, I was living with my mother at her single-bedroom apartment until I received my work permit, since then, I was able to get a job at Can Art Aluminum in Lakeshore as a packer then, now as a machine operator and as my mother's apartment wasn't adequate for two people, I was also able to get a room with a friend of mine Fernando Lolo shortly after at my current address where I pay 413 dollars per month to him, completes his part of the rent and sends it to the landlord/ owner. I also finance a vehicle (2016 Nissan Juke) for a payment of 170 dollars bi-weekly (340 dollars monthly) for a period of three more years as a measure of not only building and maintaining a good credit score but also a long-term investment.

As a single individual navigating the challenges of pursuing higher education, I am reaching out with the hope of receiving assistance to further my academic goals. I am a dedicated and motivated individual who is passionate about computer science. Despite facing the responsibilities and financial constraints of tuition fees, I am committed to advancing my education and achieving my aspirations.

As for my father's signature, he is retired, resides in Burundi and has not lived in Canada before. Unfortunately, obtaining my father's signature is not possible due to extreme circumstances and instabilities in Burundi. As you may be aware, the region has or is currently experiencing significant political instability affecting various aspects of life, including administrative processes such as obtaining parental signatures.

Sincerely,

Trésor Dan Minor Ngabirano.
